

CCSD Setup for Android

For CCSD Staff Only

1. On your Android phone or Tablet. Go to settings and to wifi.
2. Tap on CCSD as seen in the image to the right.
3. Under EAP method select PEAP (see below image)
4. Phase 2 Authentication select MSCHAPV2 (see below image)
5. In the Identity field enter your CCSD username.(see below image)
6. Enter your CCSD password. You can check show password to confirm that it is correct.
7. Last tap on connect. (see below image)
8. You should then be connected to CCSD and it should show connected.
