

## **Personal Electronic Devices in the Classroom**

September 2nd, 2022

Crook County School District strives to ensure a quality learning environment for all students by minimizing classroom activities or behaviors that may disrupt learning. Students are allowed to carry and possess electronic devices like cell phones while at school; however, **School Board Policy JFCEB** allows each school or classroom teacher to establish rules about using such devices. This could include keeping cell phones in backpacks or pockets, turning the volume down, and prohibiting students from recording videos during class.

Families can refer to each school's Student and Parent Handbook for specific rules or reach out to the administration to discuss rules established by teachers in the classroom.

The entirety of Policy JFCEB can be accessed [here](#).
